

**ASCENSION ISLAND GOVERNMENT
PRESS RELEASE**

New Roofs for Two Boats School Classrooms

Over the recent school holidays, workers from the government's Facilities Management Team were busy putting new roofs on Lower 1 and Lower 2 classrooms at Two Boats School in preparation for the new term. This follows new roofs for the Lower School, ICT2 and Nursery classrooms carried out in 2009. Children and teachers can hopefully now look forward to dry class rooms and an end to distracting drips and leaks.
